«More privacy» upgrade

→ Family room

WHAT'S ON OFFER With the «More privacy» upgrade, mothers and their babies can enjoy the time after the birth in our family room or in a private room if the family room is already occupied. Partners are allowed to stay with their families overnight for an extra charge, so they can be closely involved in those special first few days with their newborn too. Older siblings are also welcome in the family room, provided they share a bed with their parents.

General insurance	extra charge CHF 480/night
Semi-private insurance	extra charge CHF 360/night

Opting for the «More privacy» upgrade does not change your insurance class. The upgrade can only be booked for the whole stay. It applies exclusively to the room and does not entail any further benefits.

BOOKING THE «MORE PRIVACY» UPGRADE You can indicate what type of room you would like on the admission form, which you will fill in during your admission consultation with the midwife. Please hand your completed form in at patient admissions. **If a suitable room is available** and you have paid a deposit for your planned stay, the room is considered booked. An additional payment will need to be made for longer stays. You will be charged for the number of full or partial nights you spend at the hospital, starting from the time of your admission. You can pay the deposit at the patient admissions desk or by transferring the amount to our account at Zuger Kantonalbank. Extra charges are not covered by insurance.
